

2025

# RED WHITE AND BEAUTIFUL

*Fleckvieh Female Sale*

BOYLE RANCH

# Welcome!

We are excited to be hosting our 4th Red, White and Beautiful Fleckvieh Female sale. I want to start off by saying a huge thank you to all our past buyers and bidders. We strive to make our customers our number one priority. We are in our tenth year of raising registered Fleckvieh and Fullblood Simmentals and boy does time sure fly! I will always remember the day the first cows showed up in early spring of 2015. We have been using Fleckvieh bulls for 13 years but made the leap to raising registered stock in 2015. For us the push to promote the breed was the females we were keeping from those first Fleckvieh bulls, the daughters were outperforming their mothers! This journey of raising and marketing breeding stock has been an absolute joy. We have cattle in 2 countries and multiple states from Oregon to Florida. I always joke that even if we weren't raising registered stock, we would still be using Fleckvieh on our ranch. We just love their versatility and adaptability to different environments. We used Southseven Polled Perfection and CFFS Balboa 409D as AI Sires this year. We had the bred heifers live covered by herdsire Fitz Flec PFF Mack K1201, Mack is a FSS Maximus son, and we are excited about his calves that have been hitting the ground this fall!

We have really focused on making females that are going to go out and be productive for their new owners. As we continue to use more outcrosses to our genetics, one thing has always been a focus for us, making moderate cows that stay productive for a long time (as well as having pleasant dispositions). Thank you for your interest in our 2025 female offering, I am truly grateful for the opportunity to raise these cattle and share them with the industry.

Thank you,

*Bryan Boyle*

## Sale Details

We are excited to be offering 2 bred heifers, 1 bred cow and 16 open heifers this year to our customers via a private treaty, online auction. The auction will begin Nov. 14th at 8:00 am and end Nov. 16th at 6:00 pm, central time. All lots will extend for 5 minutes once a bid is placed in the last 5 minutes of the auction. Please visit the auction website to register for an account in order to bid: [auctions.boyleranchfleckvieh.com](http://auctions.boyleranchfleckvieh.com)

Cattle were pictured on October 18, 2025 for the catalog.

## Sale Terms

- Check or Wire Transfer
- All heifers must be paid for within two weeks.
- Breeding Fee for the keep them and breed them program will be \$600 for confirmed pregnant at 90 days after service for cover bull (Mack) and feed, additional fees will be applied for AI, semen, synchronization, etc. if buyer chooses to artificial inseminate.
- All heifers will be health checked and have certificates from Marcus Vet Clinic. Heifers were ultrasounded by Dr. Tabke of the Marcus Vet Clinic.
- Open heifers will be Calfhood vaccinated
- Every purchase of a heifer will be granted a \$150 credit at our next bull sale in March 2026.

## About The Breed

Fleckvieh cattle are known for their maternal calving ease, efficient growth, cow longevity, milk quality and performance in the feedlot and on the rail. Here at Boyle Ranch we believe Fleckvieh cattle bring value to every sector of the cattle market with great weaning weights for the feeder calf producer, great maternal characteristics for the replacement heifer market, and also their ability to convert in the feedyard and dollar up on the rail.

## Delivery

Shipping is free within 250 miles from our ranch here by Washta, IA. \$3/per loaded mile after that. \$100 discount if you come to our place within a week and pick up the heifer. Deliveries will be made by December 31.

Buyer is responsible for any additional fees regarding shipping.

**GOLDEN DAWN SARG**

CFFS HACKS KERSTIN 526E

OAKVIEW TITAN 20Y

**BOYLE RANCH HAVANAH**

BOYLE RANCH DARLENE

Starting Bid: \$5,000

Missy is a really special heifer from our program. We really have had great luck with her cow line that goes back to some of our original set of cows we got from a great Canadian operation, Keet Simmentals. Missy holds purebred status within the herdbook from a cow way back in her pedigree, but she is high percentage Fleckvieh. We absolutely love the job her mother. They always hold condition and do a great job of raising big soggy calves. She should be confirmed to AI to Polled Perfection as well!

### 402M

**AI Bred To:** CFFS Balboa 409D on 6/2/25

**Live Covered By:** Fitz Flec PFF Mack K1201  
From 6/14/25 to 9/15/25

**Pregnancy Status:** Confirmed Pregnant  
10/1/25 approximately 120 days

Fitz Flec PFF Mack K1201  
Live Cover Bull Power

Starting Bid: \$4,000

402M is a super sweet polled heifer, if I could make an ideal commercial herd I would replicate 402M for the entire thing! She is deep, dark red and a fantastic disposition with the proven performance of four generations of good cows I have had in production myself. Her Maternal brother that was just weaned is in the top third of the calf crop for sure!

## BOYLE RANCH GYPSY

*Live Covered By: Pasture Exposed*

*Golden Dawn Arno 5/1/25- 6/25/25;*

*Pasture exposed Boyle Ranch Deadwood 6/28/25-9/15/25*

*Pregnancy Status: Confirmed pregnant*

*approximately 140 days 10/1/25*

**KEET'S BAMBI 10B**  
 KEET'S UNIVER 40U

*Bred Cow*

**Starting Bid: \$5,000**

Gypsy has done a phenomenal job for us since we have had her in our herd. Her sons and daughters have gone out to different operations with great feedback. She is out of our 10B cowline that also came from Keet Simmentals back in the day. I contemplated putting her on the sale at all, but we have some exciting things coming up in introducing new bloodlines and decided to offer her to the public. Her bull calf in the yard is an absolute powerhouse.

## *Open Heifers- Lots 4-19*

## BOYLE RANCH MELODY

*Sells Open*

 KUZ MISS MOLSON 170B  
 SOUTH SEVEN TOPNOTCH 29T  
**GOLDEN DAWN MERCEDES**  
 BLUE-SPRUCE MERCEDES 30M

**Starting Bid: \$3,200**

Sells open. Melody is out of one of the original 5 Fleckvieh cows we started with way back in 2015. Melody has the look of being a long-term staple in anyone's breeding program. Arno's daughters have done nothing but impress me since we have had him around. He passes on good temperament and great feet and structure to his offspring.

## BOYLE RANCH MAUDE

CROSSROAD RADIUM 78  
BOYLE RANCH MS RADIUM  
KEET'S BLOSSOM 55B

Starting Bid: \$4,000

Mary is a unique heifer in our offering this year. She is out of a Crossroad Radium daughter that has been a great producer for us. She has an above average calving ease and Maternal calving ease. Her great Grandmother was Shaw acres Rose, who was productive well into her later years of life. We were fortunate to pick up a Rose daughter from Stanley Martins that led us down the path to Boyle Ranch Ms. Radium, Mary's dam, who has been outstanding.

KUZ MISS MAESTRO

VIRGINIA U2 46U

KEET'S B'ETOR 20B

KEETS ROWENA 21R

Starting Bid: \$3,500

Madeline is another descendent of the 21 cow line we mentioned in the Bred heifer segment. She is gentle and long bodied with plenty of muscle. We absolutely loved her mother when she walked our pastures. She holds purebred status but it's easy to see she has as much Fullblood Simmental as any other heifer on the continent. I think for the producer looking for a dang good polled heifer, Madeline checks the boxes for a brood cow candidate.

## Why Fleckvieh?

We began using Fleckvieh in our commercial operation 13 years ago, and we became believers! We were looking to increase our weaning weights and build more efficient females. That is why we believe in the Fleckvieh breed they are a dual purpose breed that will put quality meat on the bone while still having the milk and maternal characteristics that cattlemen strive for. Calves sired by Fleckvieh bulls reach market weight faster than their Angus sired counterparts on the same diet.

They convert their feed more efficiently and yield better.  
Which means more dollars made per calf with the same resources!

Golden Dawn Sarg has been a tremendous calving ease specialist for us. We acquired him from Stanley martins a few years back when we needed an outcross to Balboa for our heifers. Being a direct son of Sunny Valley Sargent he has moderate frame and calving ease with lots of muscle and deep red pigment. I'm excited to see sarg's daughters when they get into production.
